

The bar graph below shows the number of ads played on different radio stations in a day. Use the graph to answer the questions.

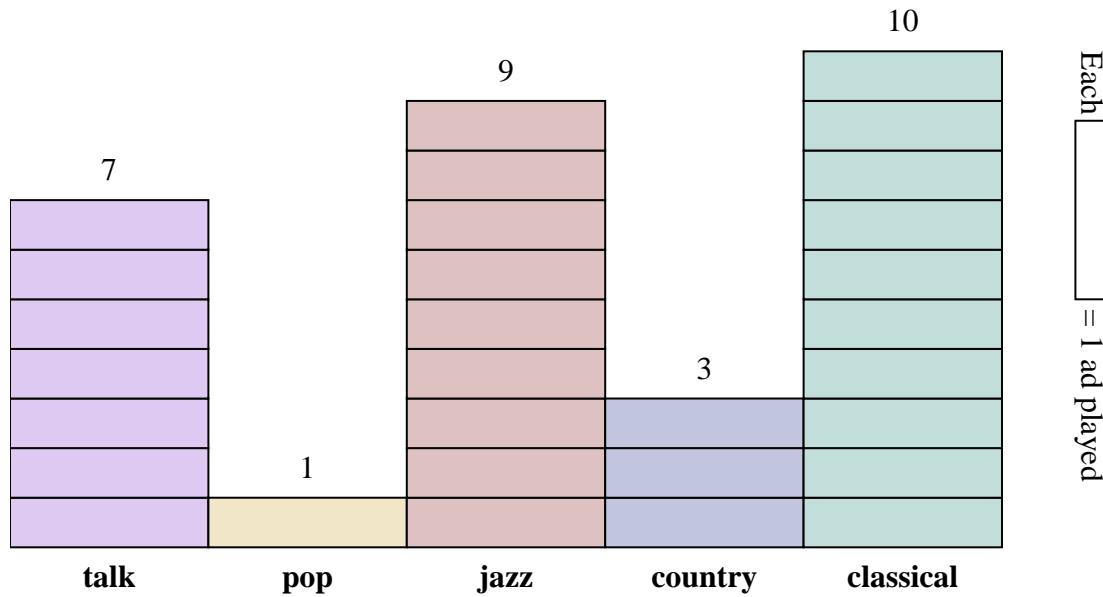

- 1) What is the total number of ads on all the stations?
- 2) Were there fewer ads on the pop station or the jazz station?
- 3) Which station had exactly 3 ads?
- 4) Were there more ads on the talk station or the country station?
- 5) How many ads were on the talk station?
- 6) What is the combined number of ads played on the classical station and the talk station?
- 7) What is the difference in the number of ads played on the talk station and the number played on the jazz station?
- 8) How many more ads did the talk station have than the pop station?
- 9) Which station had the fewest ads?
- 10) Which station had the most ads?

Answers

1. _____
