## Partition and label each shape.

Ex) Split the shape into 8 equal parts and label each part.

2) Split the shape into 6 equal parts and label each part.

4) Split the shape into 3 equal parts and label each part.

6) Split the shape into 4 equal parts and label each part.

8) Split the shape into 8 equal parts and label each part.

1) Split the shape into 4 equal parts and label each part.

3) Split the shape into 2 equal parts and label each part.

5) Split the shape into 6 equal parts and label each part.

7) Split the shape into 3 equal parts and label each part.

9) Split the shape into 2 equal parts and label each part.

## Partition and label each shape.

**Ex**) Split the shape into 8 equal parts and label each part.

2) Split the shape into 6 equal parts and label each part.

1/6	1/6	1/6
1/6	1/6	1/6

4) Split the shape into 3 equal parts and label each part.

6) Split the shape into 4 equal parts and label each part.

1/4	1/4
1/4	1/4

8) Split the shape into 8 equal parts and label each part.

1) Split the shape into 4 equal parts and label each part.
