Two Step Problems   Name:

Solve each problem.

1) While on vacation, Isabel took four pictures at the zoo and twenty-seven at the museum. If she later deleted twenty-two of the pictures, how many pictures from her vacation did she still have?

2) Vanessa had ten music files and three video files on her flash drive. If she deleted five of the files, how many files were still on her flash drive?

3) For the school bake sale Tiffany made pastries. She baked forty-nine cupcakes and twenty-three cookies. After the sale she had eleven to take back home. How many pastries did she sell?

4) The school cafeteria ordered twenty-two red apples and twenty-six green apples for student's lunches. But, if only eight students wanted fruit, how many extra did the cafeteria end up with?

5) Rachel was playing a trivia game. In the first round she scored twenty-seven points and in the second round she scored twenty-four points. In the last round she lost six points. How many points did she have at the end of the game?

6) There were twenty-three girls and eleven boys trying out for the school's basketball team. If only twenty-seven of them got called back, how many students didn't make the cut?

7) A waiter at 'The Greasy Spoon' restaurant had nineteen customers to wait on. During the lunch rush he added another twenty-five customers. If eight of the customers didn't leave him a tip, how many customers did leave a tip?

8) A pet store had thirteen siamese cats and twenty-one house cats. During a sale they sold five cats. How many cats do they have left?

9) Janet bought two coloring books. One had eighteen pictures and the other had twenty-seven. After one week she had already colored fifteen of the pictures. How many pictures does she still have to color?

10) Maria had twenty-five math problems and forty-nine science problems for homework. If she finished nine of the problems at school, how many problems did she have to do for homework?

1. _____

2. _____

3. _____

4. _____

5. _____

6. _____

7. _____

8. _____

9. _____

10. _____
